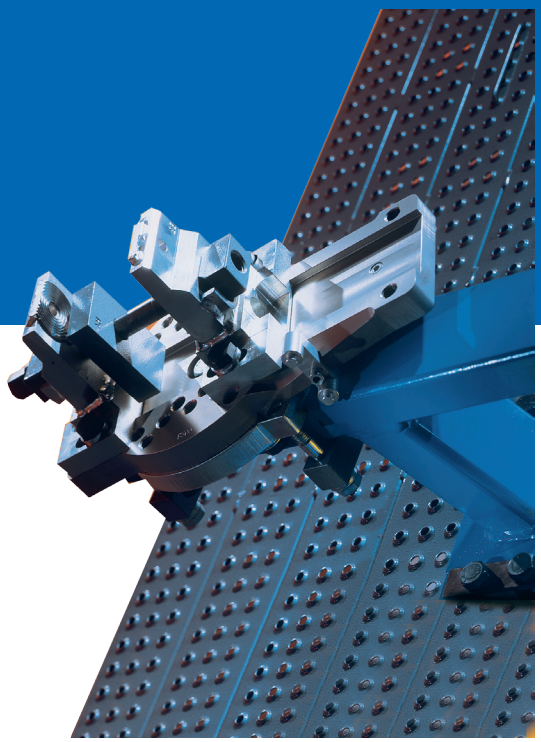
Truck Clamping System



The Car-O-Liner® Truck Clamping and Support System allows you to anchor and repair every compact truck, pickup, van and sport utility vehicle – with holding power that far exceeds pulling requirements. It's an ideal companion to the BenchRack™ and Mark 6™ systems and has set new industry standards for full-frame repairs.

Features and Benefits

- **Efficient —** fast setup and tear-down time
- **User-friendly —** easy to learn
- **Profitable —** reduces pulling and measuring time increasing your profits
- **Versatile —** Can be used on virtually all full-frame cars and trucks
- **Accessible —** increases access under the vehicle
- **Effective —** less chance of frame damage due to improper hook-ups - avoids costly rework
- **Easy diagnosis —** isolates frame from suspension

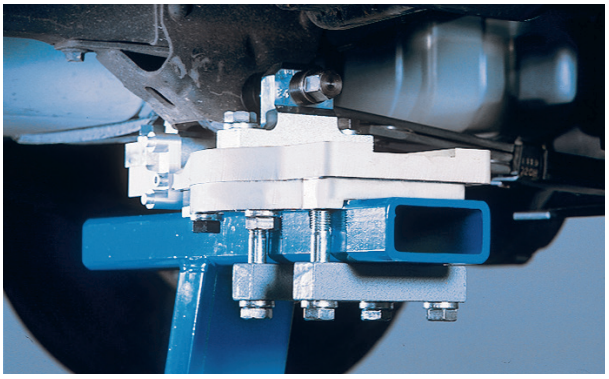
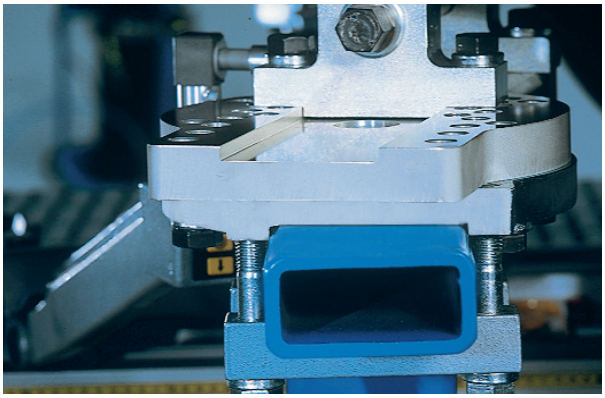
CAR-O-LINER®

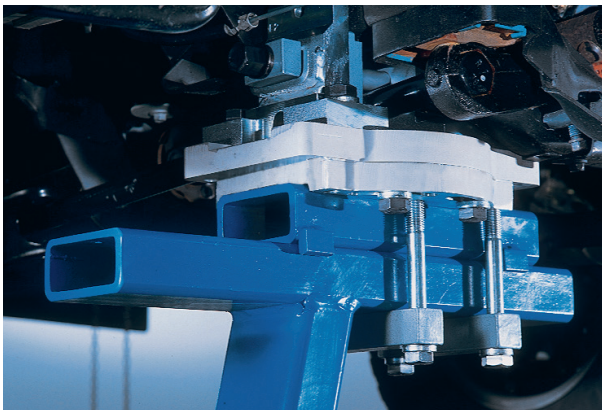
Hold On To More Business



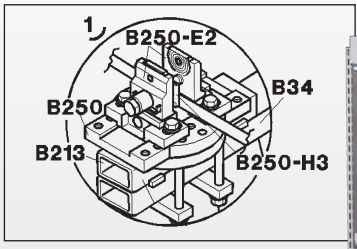
Clamp holds tightly to the spring shackle without removing the spring. Saves time and expense



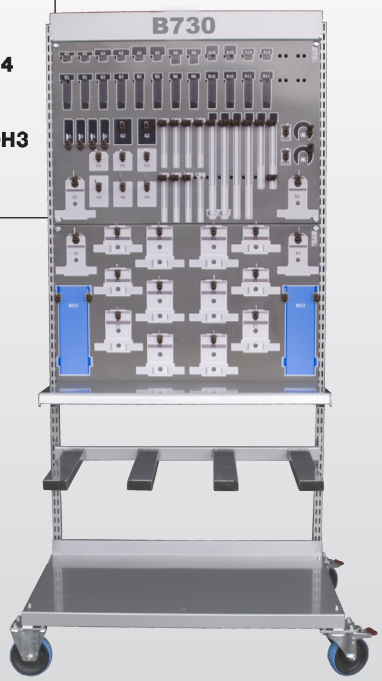
Clamps rotate to accommodate new angled frame designs



Clamps easily adapt to hard to reach areas and obstructions



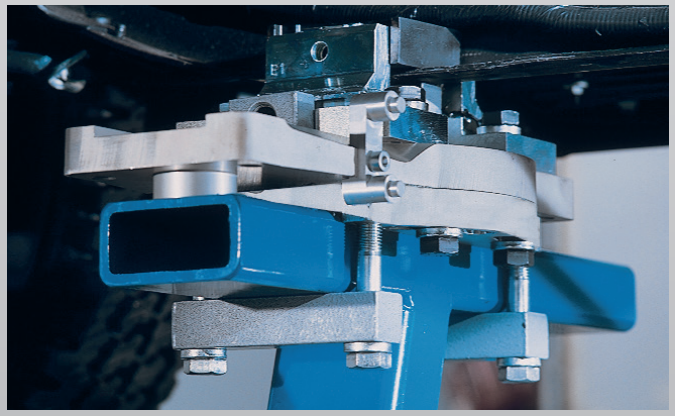
Line drawings on data sheets show exactly how and where to mount the clamps



Tool Cart for B730

Keep your truck clamping and support system neatly in one place with this unique storage cart.

See our WorkShop Solutions brochure on our website for more innovative ideas on how to improve productivity and quality in your workshop.



Vise-like clamp holds all frames effortlessly and precisely without collapsing the rails
